

## “一带一路”沿线国家专家系列学术报告—塞尔维亚等

时 间：2017 年 05 月 23 日（周二）上午 09:00-12:00，下午 13:30-16:30

地 点：河海大学江宁校区乐学楼（力材学院）1116 室

（南京市江宁区佛城西路 8 号）

主办单位：河海大学力学与材料学院 & 江苏省力学学会

欢迎广大师生参加！

### Conference Program

Time	Conference Program	Chair
09:00~09:30	<b>Hong Wang:</b> Fast numerical methods of fractional PDEs	HongGuang Sun
9:30~10:00	<b>Mihailo Lazarević:</b> Further results on advanced fractional order ILC Control and modeling of complex systems	
10:20~10:40	<b>Yong Zhang:</b> Rate-limited reaction kinetics driven by anomalous diffusion: Probability theory, laboratory experiments, and fractional-derivative models	
10:40~11:00	Tea Break	
10:00~11:20	<b>Milan Cajić:</b> Analysis of combination sub-harmonic and super-harmonic resonances of a nanobeam on fractional visco-Pasternak foundation	Mihailo Lazarević
11:20~11:40	<b>Petar Mandić:</b> Application and extension of D-decomposition method for linear fractional order systems	
11:40~12:00	<b>Yingjie Liang :</b> Using spectral and cumulative spectral entropy to classify anomalous diffusion in Sephadex™ gels	

Time	Conference Program	Chair
13:30~13:50	<b>Xuan Zhao:</b> Application of hierarchical matrices to adaptive FEM for the multi-term fractional differential equation	Hong Wang
13:50~14:10	<b>Hasib Khan:</b> Existence of solutions and Hyers-Ulam stability of a coupled system of fractional differential equations with p-Laplacian operator	
14:10-14:30	To be determined	
14:30-14:50	To be determined	
14:50-15:10	Tea Break	
15:10-16:30	Round-table discussion	Yong Zhang
